A/R Title: EMT-INTERMEDIATE CERTIFICATION PROCEDURES BASED ON OUT- OF - STATE TRAINING, LICENSURE OR CERTIFICATION

Supersedes: A/R 2-323A (11/05/93, 2/15/98, 8/18/00) AND ALL OTHERS

PURPOSE

To define the requirements and procedures for an individual who is currently licensed or certified as an EMT-Intermediate in another state and wishes to become certified as an EMT-Intermediate in Massachusetts.

To define the requirements and procedures for an individual who was trained as an EMT-Intermediate in another state and wishes to become certified as an EMT-Intermediate in Massachusetts based on "equivalent training."

REQUIREMENTS

A candidate who is licensed/certified in another state and has passed a state-approved practical examination in order to become licensed/certified is required to successfully complete the Massachusetts EMT-Intermediate written examination.

A candidate who is not licensed/certified in another state or did not pass a state-approved practical examination in order to become licensed/certified is required to successfully complete the Massachusetts EMT-Intermediate written and practical examinations.

A candidate who is not licensed/certified as an EMT-Intermediate must be licensed/certified as an EMT-Basic and submit official documentation that they successfully completed a DOT EMT-Intermediate program within the past two years.

Candidates who are approved to take the examination by OEMS will be required to successfully complete the Massachusetts EMT-Intermediate written and practical examinations.

In order for EMT-Intermediate training to be considered equivalent, it must meet or exceed the U.S. Department of Transportation's EMT-Intermediate '85 or '99 National Standard Curriculum.

An EMT-Intermediate candidate must be credentialed to perform the skill of Endotracheal Intubation in order to take the EMT-Intermediate written examination in Massachusetts. A candidate who is not licensed/certified as an EMT-Intermediate must document training in the skill of endotracheal intubation.

Candidates who have previously taken and failed the Massachusetts EMT-Intermediate examination are not eligible to be considered under the requirements of this A/R. They must successfully complete the written and practical examinations in Massachusetts in order to be certified.

Candidates who were trained in Massachusetts are not eligible to be considered under the requirements in this A/R. They must successfully complete the written and practical examinations in Massachusetts in order to be certified.

REQUIRED TRAINING DOCUMENTATION FOR THOSE LICENSED OR CERTIFIED AS EMT-INTERMEDIATES

1. Current state licensure/certification as an EMT-Intermediate. This license/certification must be current, valid and in good standing when a candidate applies for and takes the examination in Massachusetts.
2. A Verification of EMT Status form completed by the state that issued the candidate's EMT-Intermediate license/certification. The Verification of EMT Status form must be received at OEMS in the sealed envelope provided with the form.
3. Official documentation of successful completion of an EMT-Intermediate training course that meets the minimum U.S. Department of Transportation's EMT-Intermediate National Standard Curriculum ('85 or '99 standards).
4. Current Basic Cardiac Life Support (BCLS) successful course completion credentials from the American Heart Association (AHA) Health Care Provider or the American Red Cross (ARC) Professional Rescuer in Cardiopulmonary Resuscitation (CPR). A copy (both sides) of the card must be provided.

A/R Title: EMT-INTERMEDIATE CERTIFICATION PROCEDURES BASED
ON OUT- OF - STATE TRAINING, LICENSURE OR
CERTIFICATION

Supersedes: A/R 2-323A (11/05/93, 2/15/98, 8/18/00) AND ALL OTHERS

REQUIRED TRAINING DOCUMENTATION FOR THOSE TRAINED, BUT NOT LICENSED OR CERTIFIED, AS EMT-INTERMEDIATES

1. Current state licensure/certification as an EMT-Basic. This license/certification must be current, valid and in good standing when a candidate applies for and takes the examination in Massachusetts.
2. A Verification of EMT Status form completed by the state that issued the candidates EMT-Basic license/certification. The Verification of EMT Status form must be received at OEMS in the sealed envelope provided with the form.
3. Official documentation of successful completion of an EMT-Intermediate training course that meets the minimum U.S. Department of Transportation's EMT-Intermediate National Standard Curriculum ('85 or '99 standards). The documentation must include a course outline for the classroom, clinical and field internship portions of the program and a certificate or letter of course completion signed by the Program Director or Program Medical Director.
4. Current Basic Cardiac Life Support (BCLS) successful course completion credentials from the American Heart Association (AHA) Health Care Provider or the American Red Cross (ARC) Professional Rescuer in Cardiopulmonary Resuscitation (CPR). A copy (both sides) of the card must be provided.

PROCESSING PROCEDURES

The candidate must submit all the documentation as required above, and receive approval from OEMS.

The candidate must submit the required application and certification fee.

The candidate will then be notified of exam requirements and scheduling information.
